One Sheet Books
Stephanie Wolff

A few folds, a cut or two and presto, a book! Participants will create a selection of simple folded “books” made from one piece of paper in this workshop. They are great for zines, comics, cards, and other self-publishing ventures, as well as artist books. Paper choices, layout, and duplication methods will be covered, along with ways to elevate these simple structures to more substantial creations. Simple, inexpensive reproduction or more complex artmaking methods can be combined with these forms. Our focus will be on making a set of models as reference for future work after the workshop. A great introduction to the book and paper arts!

Tools:
Pencil
Scissors
Metal ruler, 12”
Awl
Glue stick
X-acto knife, or a similar craft knife with a sharp blade
Cutting mat (or piece of hard cardboard to cut on)
Right triangle (optional)
Bone folder (optional)
Colored pencils, markers, fine black marker (optional)

Paper:
15-20 sheets 8.5x11 text weight or copy paper
15-20 sheets 11x17 text weight or copy paper
5 sheets 8.5 x 11 card or cover weight paper
