

New Service Desk at Wimberly Library

Single Desk offers Connections to all your Service Needs

Stop by our new single service desk near the lobby of the Wimberly Library's lobby for help when you are on Florida Atlantic University's campus. We have removed the old Reference Desk and have discontinued the use of the old Circulation Desk, replacing both of them with this single desk where you can check out books, learn how to use the catalog, get help accessing our electronic journals or databases, pick up a key for a study room, or get detailed reference and research assistance.

The goal is for everyone to be able to get connected to help for everything in one place. This is the first phase of a more comprehensive redesign of the first floor that will open up more individual and group seating and increase access to help and newer technology.
