Dear Friends of Kultur,
I am delighted to announce that FAU Library’s 2006-07 KULTUR
Series will again offer enlightening presentations that explore the
fascinating journey of Jewish culture within the context of the 21st
century. KULTUR programs provide a forum for our community to
listen and learn about Jewish heritage through literature, philosophy,
music and art from internationally renowned scholars and artists.

We need your continued support as Friends of Kultur and Yiddish at
FAU. Please take this opportunity to give a gift or to become a
member. Membership is only $10 a year, and with your donation you
can give this endangered language and culture an opportunity to be
shared with future generations. Members receive advance notice of all
KULTUR events.
